WRITE YOUR BOOK -PIO175

Presently I am writing a book about my Destiny and want to encourage you to do the same.

Put only the truth, it will tell you things about your life path that will show you some important history.

You may be surprised in what and where you have traveled. Consider seriously if you had a plan, followed the plan - or did the world dictate your stand.

Following God's Destiny for you has allowed you to mature in His purpose.

If you followed another destiny you probably are still sauntering in a attempt to find the gifts of Elohim.

You may think your efforts supplanted God's authority, that your mind set is "all that and a bag of chips"

How's that working?

You are still looking to others, rather than taking the responsibility for yourself. You have become a snowflake, on your way to disappointed melting in a hell of confusion.

You can't change your past. Don't let it dictate your future.

Ask Jesus for forgiveness, repent and make restitution when you can.

Your steps will become ordered, your path secure and you future secure in His Purpose.

Your future is ahead, tread lightly . His words a lamp unto your path. A victory reserved for those:

[Rev 12:11](#) And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death.

Christians believers are a work in progress.
