CAPITALISM VERSUS CHRISTIANITY PROPHET IN OVERALLS # 192

Any man system problem eventually becomes the master over him.

Christianity is God's answer to man's problems.

Love of mammon is a cancer on the soul of mankind. It comes from a love of something that controls you without any conscience.

It is man's attempt to rule over other people. Gathering finances. Trappings of wealth. Warping the soul . It appears, the holder is victorious.

Eventually, the person has to have more and more to maintain, service and protect. One becomes a servant of their "stuff ". Earthly treasures soon wain in importance and become a millstone of disappointment.

Some people become so engrossed in their success. When they are disappointed, they commit suicide.

The aspect of believing your own "press" is a kiss of death.

The worldly mind set can be destructive. Accepting the gift of God's salvation, can provide an eternal victory .

There are pitfalls in a Christian walk. They require a total acceptance by Faith in God's Word.

A partial agreement without action, following Jesus's example, is tough and

laborious. Partially in the Word of God. You think and act like you know it all. You've become religious. The World and it's activity pull you into a false beliefs. You think you know more than God. The religions of the world present every type of persuasion. Pulling you away from the true Word.

Not adding to or deleting from the Word is absolute for God's blessings.

It is so easy to fall into the world's scheme. HaSatan deceived in the garden and is the expert in deception.

The corruption of the world washes continually over everybody. You have to remain diligent in what you hear and see.

The Capitalist system has learned all of tricks. It uses advertising, entertainment and self blandishment to convince you. The way to success is to gain as much as you can. No considering the spiritual ramifications of not doing God's commands.

The collapse of capitalism will be bankruptcy. Both spiritual and financial.

At the feet of each individual choice is laid the crying and tears of destruction or tears of Joy.

Repent, consider the eternal consequences. Accept Jesus' sacrifice. It is a gift. You can't earn it.

Be wise for eternity.
