

FEAR - The Ultimate darkside.

November 11, 2012

Events unfold in the natural world. Those living in the secular realm have started to comprehend the impact. Their natural response is FEAR.

Unable to control their concerns to cope. They fall back to their flesh and safety of their convictions. The problem is, convictions formed from ignorance have no strength or validity. Therefore FEAR creeps in.

Man has always attempted to replace God. To be in charge. God said, for man to have dominion over His creation. Never over man.

There is a whirlwind of confusion as man attempts to correct his past blunders. A form of hidden slavery as one of his tools with nefarious actions the spirit of the anti-Christ continues to try and control God's creation (man). The anti-Christ spirit can't affect God. He tries to enslave and be the "god" of man.

You can see the political turmoil and corruption. The "media" even hides the truth to advance the anti-Christ agenda. What can corruption gain from corruption. More corruption!

Attempts are made to prepare for the MARK OF THE BEAST. Under various guises. Rfid chips in peoples hands. *The blatant attempt to condemn people to eternal damnation. Accepting the mark is possibly the most blatant attempt ever seen in the anti-Christ plan.*

DON'T BE A FOOL AND ACCEPT THE MARK OF THE BEAST.

Don't be fooled by false religions. The leaders in our USA government and the world are attempting to pervert the population by their demonic schemes (religions).

The tenor of worldly activities increase. Correction by physical calamities will increase. People will either turn to God and repent, or harden their heart and perish in their sin.

Prophets have been warning America for years. God has been looking for one righteous person. Instead, we see the continuing decline in the spiritual and moral fiber of the "Church Body".

The increasing pressure from the spirit of the anti-Christ will be the catalyst. People will finally look up for help. They will want to escape the onslaught of the demonic activities. Physical and financial catastrophe won't find answers through men.

THE WAY TO VICTORY

Jesus, through God's plan, with the Holy Spirit, is the only way to have peace. More people will try to come to this purpose. The deceptions will still be there, and therefore some will seek guidance.

The Remnant of the Remnant. Christian believers have the opportunity to be about the Father's business. Make disciples amongst men (and women).

With wisdom and no malice towards the un taught population is God's agenda.

Extremely relevant. The time is short. The opportunity to come into the kingdom and Godly knowledge is drawing to a close.

Fulfil your destiny. Follow the voice of God. Be blessed.

NO FEAR- CONVICTION AND FAITH IS HIS WORD.
