## “SWEET HOME ALABAMA” PIO200

God’s eternal plan for mankind.

Living in today's world presents a confusing, demonic, fake reality.

God’s creation of man was to have people who willing choose God and His plan. He made the universe big enough to hold all of the eventual growth of mankind.

To fulfil His word ; He sent His Son to pay the price for mankind’s sin.

God & mankind are to be in covenant , God provides protection from demonic spirits ( if you tithe) . Faith in Gods Word is the only manner wherein full revelation can be experienced.

### ALABAMA MIXED HISTORY

Is it really Bitter Sweet Alabama?

Looking at historic facts:

1. Map of Wednessmueller in 1507 declared “Bahia del Espirita Santo” , Spanish for Bay of the Holy Spirit for the bay in what was to be become Alabama on Dec. 14,1819.

The “Holy Grail” search was finally completed and formalized by 1519 expedition of Alonso de Pineda, leading to the 1693 expedition which confirmed the name “Bay of the Holy Spirit”

2. The first slave ships came into Mobile, brought here from the African Tribes. They sold their own people to support their wars. Hurricanes follow these slave ship routes.

3. The war between the states pitted family members against each other ( north versus south, 1861 to 1865). Fomented essentially by the slave aspects.

4. Segregation became exposed. Affecting all races. A.K.A. George Wallace stand in the door way of University of Alabama ( June 1963) was

the tipping point.

Attempts to remove segregation only removed the political aspects. It never has cleansed the hearts of the people towards each other.

I wrote a letter to Mobile and the State of Alabama (June 1, 2011) which revealed a hidden message exposing the continually aspects of slavery.

5. The first state to support in 1943 the creation of Israel was a blessed effort.

6. In 1991 the next step of helping Alabama back into covenant with God. My destiny. To restore the Bay of the Holy Spirit’s name began.

Without a name there is no acknowledgment of validity. Restoration became the mission. Because of the local mind set, God moved me here to engage the restoration.

On June 14, 2008 I dedicated an Alabama Historic Association approved sign on the cause way (US 98).

Since the dedication of Bay of the Holy Spirit sign, there has been some dramatic local changes. No local damage from any hurricanes, no damage to the bay from the oil drilling platform leakage. Many new businesses which employ new employees. Many new homes constructed. Vast increase of tax base from increased business activities.

Blessing from God in our support of the Holy Spirit have been a direct sovereign intervention.
